

# Heroic Danes Scuttle Ships Defying Nazi Military Rule

By JOHN H. COLEBURN  
Stockholm, Aug. 30 (AP) — Big fires blazed fiercely today among the scuttled hulks of Denmark's naval vessels in Copenhagen harbor, as offshore Nazi patrol boats and planes shot at Danes fleeing a new Germany military dictatorship clamped upon the rebellious kingdom.

Refugees streaming into Sweden said scores of persons drowned as the Nazi gunners sank many small motorboats, sailboats and fishing smacks in the Oeresund, the narrow stretch of water between Denmark and Sweden.

**MARTIAL LAW**  
The Germans ignored the usual Copenhagen blackout during the night. Street lights blazed brightly as patrols in tanks and armored cars toured the city enforcing martial law decreed by the German military commander who had interned the aged King Christian in his castle and set up Nazi rule to replace that of the resigned Danish government.

The fires in the harbor area could be seen from the Swedish coast. A series of deafening explosions set them off at dawn yesterday as Danish naval forces sent the greater part of their small navy to the bottom.

The Germans' drastic action was the upshot of a series of violent disorders in the tiny country during the past two weeks.

**10 SHIPS FLEE**  
Nine naval ships, two of them small destroyers, reached safety in Swedish ports yesterday. Another torpedo boat arrived at Landskrona last night, raising to 10 the number now docked in Sweden.

One of the latest reports reaching Sweden said members of the cabinet, including Prime Minister Eric Scavenius were in internment with King Christian at Sorgenfri castle.

The cabinet conferred with the king until the early hours Sunday before Gen. Herman von Hanneken, German commander in Denmark, issued his proclamation announcing Nazi martial law.

The king, who will be 73 next month, threatened to abdicate if the cabinet accepted a drastic ultimatum submitted by German Minister Werner Best on Saturday.

The cabinet's flat rejection of the demands signalled the end of Danish collaboration and the smashing of the German effort to establish Denmark as a showcase model for other occupied countries.

**DEATH PENALTY**  
The Danish people received little information of the swift movement of events in their country, as no newspapers had been published for two days.

The Danish radio later announced that Von Hanneken had taken over all court and civil functions. The radio broadcast a warning that courts martial would be established immediately to mete out the death penalty and other severe sentences for violations of the martial law.

Danish laws will be revised along Nazi lines, in addition to "a new arrangement of the public life of Denmark," the Von Hanneken announcement said. It added that loyal civil servants would be retained under German control.

Marine and royal guard forces fought a brief but spirited battle with German troops who tried to invade the royal barracks and naval yard in Copenhagen as the scuttling was in progress, Danes who escaped to Sweden reported.

**45 SHIPS SUNK**  
Forty-five vessels of various types, including two new destroyers and nine submarines, were sunk, ammunition dumps blown up, and harbor fortifications wrecked.

The light cruiser Niels Juel tried to escape but a German war plane bombed and sank her. The crew of 369 was saved and landed at Helsingor.

Nazi troops surrounded the royal palace at Amalienborg, but the royal guard blocked all entrances and exchanged a barrage of gunfire with the Germans. Resistance ceased only when King Christian gave the order.

## PARADE OPENS 3RD WAR BOND DRIVE SEPT. 8

Adams county will launch its Third War Loan drive to raise \$2-134,000 with a large colorful parade in Gettysburg on the evening of Wednesday, September 8, it was announced today.

The parade will be a "gasless" procession. It will be strictly a patriotic parade. Commercial and political floats and representations will be prohibited. No automobiles or vehicles requiring the use of gasoline will be permitted to participate. In the main, it will be military and musical, committee members announced.

The parade will march through the main streets of town and assemble in center square for a brief outdoor session and concert.

Captain C. Arthur Brame and his Adams County State Guard Reserve unit, comprising approximately 120 men, and Captain John R. Coshey and his 55th College Training Detachment, Army Air Corps, will form the nucleus of the parade. Acceptances from these two units have already been received.

**Patriotic Procession**  
Musical organizations of the county, including all of the high school bands and drum corps, will be invited as well as the Boy Scouts and other uniformed organizations.

The parade will be military, musical and patriotic in nature to stimulate interest in the Third War Loan campaign which will officially open on the morning of Thursday, September 9, and continue through to midnight September 30.

Edmund W. Thomas, chairman of the county war bond drive, told the committee in charge of the parade that he had hoped every community in the county would be represented in the procession and that he was also hopeful of having every member of every war bond drive committee be present for the parade.

## YOUTHS HURT IN CAR CRASH

Two Hanover youths, one a soldier, were injured Saturday evening when their car left the Baltimore road and crashed into two trees and another car about five miles south of Hanover.

Pvt. Paul Spangler, 21, Fort Meade, Maryland, who was spending a week-end leave at his home in Hanover, suffered possible fractures of the left knee cap and leg, lacerations of the face and had his front teeth knocked out in the collision.

Donald Rohrbaugh, 15, Hanover, suffered a laceration of the forehead and bruise above the left eye. Rohrbaugh was treated at the Hanover hospital and Private Spangler was admitted.

Pvt. Robert Deitrich, of the local state police, who investigated said Private Spangler had been driving toward Hanover when he failed to make a sharp right turn. The car sideswiped a tree and then crashing head-on into another tree and a parked car owned by Walter E. Barnhart, Hanover R. 4, who was visiting a home nearby. Total damage was about \$250. There were no charges.

## Japs Temporarily Repulse Yank Assault On Salamaua

(By The Associated Press)  
Allied troops closing in upon Salamaua in New Guinea have been pushed back slightly at some points by hard Japanese attacks, Gen. Douglas MacArthur's headquarters announced today, but in the Solomons to the east Allied forces have gone ashore unopposed on Arundel Island.

Ground forces "are now consolidating" after the Friday landing on Arundel that until recently harbored Japanese units. Arundel lies just west of New Georgia Island, and puts the Allies within artillery range of the enemy on Kolombangara.

The Japanese are fighting fiercely all along the front at Salamaua, with their backs to the strategic airbase there, thrusting out fre-

The bride, who was given in marriage by her father, was attended by Miss Adelaide Barr, Carlisle street, as maid of honor. John E. Stahle, father of the bridegroom, was the best man.

The bride was clad in moss green crepe and her attendant wore an identical gown of gold crepe. Both wore brown accessories. The bride's wrist corsage was of orchids while that of her attendant was of salmon roses.

The church was decorated with palms, ferns and gladioli.

Professor Frederick Shaffer of the Gettysburg college faculty presented a piano recital before the ceremony including these selections: "Salute d'Amour," Elgar; "Remembrance," Schumann; "The Poet Speaks," Schumann; and "Prelude" by Chopin. The bridal chorus from "Lohengrin" by Wagner was used as the bridal party entered the church. Mendelssohn's wedding march was the recessional.

## Sentences End Term of Court On Saturday

Ralph Bretzman, 19, York Springs, was sentenced to the State Industrial school near Camp Hill, Saturday afternoon on a serious charge, after another serious charge brought against him had been dropped.

The length of the sentence will be determined by the authorities at the White Hill Industrial school. Bretzman, who failed to appear in court Saturday morning and had his bond forfeited, arrived at the court house just after court adjourned Saturday noon and continued on to the jail to report to Sheriff Daniel J. Wolff. He told the sheriff he had hitch-hiked from York Springs and had not been able to find "rides" soon enough to arrive on time for court.

He was taken to the industrial school by the sheriff Saturday afternoon after sentence was pronounced.

Mr. and Mrs. Francis Stevens, 37 South street, have also received word of the arrival in India of their son, Pvt. John W. Stevens.

## SENTENCES END TERM OF COURT ON SATURDAY

Friday, however, OPA announced it would remove restrictions from east coast pleasure boating and would give service men furlough gasoline, an indication that the pleasure driving ban was on the way out.

**Await Further Orders**  
The tentative order lifting it Wednesday was sent to field offices so they could be ready for instant action removing the restriction. It will not take effect, however, until definite word comes from OPA headquarters here.

Hopes for a bigger allotment September 1 were dampened yesterday by Richard C. Harrison, chief of the Gasoline Rationing section of the Office of Price Administration, who declared that "B" and "C" coupon holders would fare no better in the matter of an increase September 1, than motorists on "A" rations.

Harrison explained in a broadcast interview on the Blue network that gas stocks in the east are low and have been declining in the past four weeks.

The motor fuel rationing director added that while a bigger allotment is still planned—"it may take weeks—it may even be months."

Harrison lent implied support, however, to expectations that the prohibition against pleasure driving would be erased shortly.

## S. S. SHRIVER FOUND DEAD AT HOME SUNDAY

Sentman S. Shriver, 87, Gettysburg R. 1, was found dead at his home Sunday afternoon at 2 o'clock by a granddaughter after he had been unnoticed around his home since last Friday.

Dr. C. G. Crist, Adams county coroner, investigated and attributed death to a cerebral hemorrhage. Death is believed to have occurred Friday, according to Doctor Crist.

Mr. Shriver, who lived alone, had been in his usual health last Friday and had been about his home as usual. His absence led to a search for him which resulted in the finding of the body.

The deceased was born in Adams county, a son of the late Christian and Alice (Fisher) Shriver. With the exception of four years spent in Carroll county, Maryland, he resided in the county all of his life and practiced farming.

## Remembered Battle Here

Mr. Shriver was a life-long member of Mt. Joy Lutheran church where he was active in church work. He served several terms as supervisor in Cumberland township. He had recollections of the Battle of Gettysburg, recalling that his mother baked bread for soldiers. His wife, the former Miss Sarah M. Gettler, died in 1939.

Surviving are three children, Mrs. L. D. Plank, Gettysburg R. 1; Walter S., Mt. Joy township, and Chester A., Gettysburg R. 1; one brother, Edward, Hanover; four grandchildren and one great-grandchild.

Funeral services from the Bender funeral home Tuesday afternoon at 2:30 o'clock conducted by the Rev. Dr. W. W. Rex. Interment in Evergreen cemetery.

## MAY LIFT BAN ON PLEASURE DRIVING SOON

Washington, Aug. 30 (AP)—A tentative order to lift the ban on eastern pleasure driving Wednesday has been sent to field offices of the Office of Price Administration.

The order has no official status yet, although OPA has given every indication that it was working to free eastern motorists of the no-pleasure driving restriction either by Sept. 1, or next week-end.

Chester Bowles, general manager of OPA, said three weeks ago the agency hoped to liberalize eastern gasoline restrictions early in September. Secretary of the Interior Harold L. Ickes reported last week, however, the area was over-drawing its daily gasoline allowance, endangering its chances for rations equal to the rest of the country.

Friday, however, OPA announced it would remove restrictions from east coast pleasure boating and would give service men furlough gasoline, an indication that the pleasure driving ban was on the way out.

**Await Further Orders**

## Question Minors In Two Hotels

Hotels in New Oxford and East Berlin were visited Friday and Saturday evenings by agents of the Liquor Control Board from Harrisburg, assisted by members of the local state police.

On Friday, six agents and Privates Harold Trout and George Ackerson visited the Park hotel in New Oxford about 10 o'clock and patrons who appeared younger than 21 were questioned. Local police said they believed that the state liquor board agents had discovered several minors and that charges will be laid.

The same agents visited a hotel at East Berlin Saturday night and again questioned persons appearing to be minors, police said. Several charges are expected to follow the East Berlin raid also, the officers here said.

## CHURCH STARTS BUILDING FUND IN BIGLERVILLE

Unprecedented in its history, the United Brethren church, of Biglerville, inaugurated a building fund for the Sunday school building with cash donations totaling \$1,215.

There were no subscriptions or pledges. The entire amount was donated in cash and the response was general in tone without any preliminary appeal.

Judge W. C. Sheely was the principal speaker at the service with 73 of the church membership of 87 in attendance. The local jurist delivered an inspiring address on service to the church.

Some time ago it was decided by church officials to inaugurate a building fund to build a new church or an addition to the present edifice after the war or when building restrictions are lifted to permit an extensive construction program.

**S.S. and Church Services**  
Sunday was fixed as the first annual Rally Day service for the receipt of cash donations to the fund.

From 9:30 until 10:30 o'clock in the morning Sunday school was in session. An innovation was introduced at this session when Professor Leslie V. Stock, not a member of the U.B. church, taught the Ladies' class. Other instructors included: Mrs. Dale Roth, Primary; Miss Alma Roth, Juniors; Mrs. Hoke Slaybaugh, Infants and Cradle Roll; Professor Dale Roth, Teen Age class; John Seasey, superintendent of the Sunday school, Brotherhood class, and Mrs. Claude Miller, Young People's class. This class donated \$327 to the building fund. (Please Turn to Page 2)

## Berliners Are Locked In Bomb-Torn City By Nazis

London, Aug. 30 (AP)—A mass migration of Berlin residents to the fields and forests surrounding the city to escape future Allied air raids has been barred by Propaganda Minister Joseph Goebbels, according to dispatches from Spain.

Goebbels' instructions are that "nobody in Berlin may leave his home at night without an approved reason." The Berlin correspondent of the Madrid newspaper ABC said, explaining that the rule was adopted to force all residents to help clean up the damage following attacks.

Although the city has been spared for the past few nights, no one expected the immunity to last and the Spanish correspondent noted the population was bitterly despondent and weary. Only a small portion of the debris left by the RAF last

## Report Nazis Quit Southern Italian Bases

By NOLAND NORGAARD  
Allied Headquarters in North Africa, Aug. 30 (AP)—Flying Fortresses struck at Orte, railway center 40 miles north of Rome, for the first time, and medium bombers delivered heavy new blows at vital rail targets at Torre Annunziata on the Bay of Naples yesterday in the methodical daily destruction of the Italian communications system.

At the same time light and medium bombers, divebombers and fighters ranged far and wide over the toe of Italy, laying waste the enemy's gun positions and rail and road links and encountering only slight opposition in the area already reported nearly deserted.

**20 Enemy Planes Shot Down**  
After the heavy pounding by American B-26 Marauders, Torre Annunziata railway yards again were smashed last night by RAF and Canadian Wellingtons.

Twenty enemy planes were destroyed in the day and night operations, 17 of them shot down by bombers and a fighter escort in the raids on Orte and Torre Annunziata. Three Allied planes are missing said an Allied headquarters communication.

Sunday's far-reaching air attacks followed a bombardment of an enemy artillery battery on the Calabrian coast near Cape Pellaro Saturday afternoon by a British cruiser and destroyer. The return fire of the coastal batteries was ineffective, said an Allied Naval announcement.

**Direct Hit On Temporary Bridge**  
British Boston and Baltimore bombers and American B-25 Mitchells and P-40 Warhawks participated in the concerted attacks on the Italian toe, hitting gun positions near Reggio Calabria and San Giovanni on the eastern shore of Messina Straits, railway junctions at Cosenza and freight yards at La Mezia. A-36 Invaders also scored a direct hit on a temporary bridge over the Angitola river.

## FARM MACHINES FIXED BY CLASS

Twenty-three major pieces of worn farm machinery were completely overhauled during the farm machinery repair course held at East Berlin under the direction of Mervin E. Webb, agricultural education teacher at the East Berlin high school. The course, which ended last Wednesday, ran for 29 consecutive weeks and a total of 41 three-hour meetings were held by the class at Lerew's garage, East Berlin.

Worn and broken parts were replaced with new ones and the machines were painted during the overhauling of the major farm equipment by the class. Eight mowers, four cultivators, three spring-tooth harrows, two grain drills, a corn binder, a grain blower, three corn planters and one side-delivery rake were repaired. Farm owners of these machines fixed their total increased value, due to this work, at \$780, Mr. Webb announced.

Forty-seven men attended the classes. A total of 1,851 man-hours of instruction was given. R. Spahr, J. Frey and N. Mummert led in attendance with Mr. Spahr attending 111 hours and the other two 102 hours each out of a possible 123 hours. Average attendance for the 41 meetings was 15. Many hundreds of small jobs of sharpening, fitting and forging were also completed with mower knives and hatches appearing in the greatest numbers.

Tools and equipment worth \$825 were secured from state and federal funds for the operation of the classes.

The course will reopen again the first week in November when classes will be resumed on a two-nights-a-week basis, it was stated. A special committee of farm men will make arrangements for the new course.

## Reds Have Outside Chance Of Catching Cards; York Misses Record But Hits 2

By TED MEIER

The Associated Press  
It seems far-fetched, but there is a possibility that the Cincinnati Reds may overhaul the St. Louis Cardinals in another of those hot September finishes usually associated with the National league.

A quick glance at the standings shows the Cards out in front by 10½ games with only 34 left to play. The standings fall to show, however, that in the last two weeks the second place Reds won 14 of 18, including three straight over the Redbirds before losing the second half of yesterday's twin bill.

If the Reds maintain their remarkable .778 pace of the last fortnight and sweep a four-game series with the Cards at St. Louis next week-end, the Senior loop will witness another dogfight right down to the wire.

**Largest Crowd**  
The largest crowd in the history of Crosley field—38,017, including 38,475 paid—turned out in Cincinnati yesterday as the Reds won the opener 5-3 and lost the nightcap 3-2 in 11 innings after coming from behind to tie the score in the ninth on Max Marshall's single.

Elmer Riddle received credit for his 17th win in the first game, although it took Clyde Shoun's relief pitching to stop the Cards from the seventh on. In the nightcap it was Max Lanier who kept the Cards' lead from being shaved to 8½ games.

Taking the mound in the tenth Lanier pitched two perfect innings, striking out four of the six batters to face him. In addition he singled to start the 11th and eventually scored the winning run on Walker Cooper's one-base.

Rudy York, Detroit slugger, clouted two homers as the Tigers beat the St. Louis Browns 15-5 and 4-2, but fell one shy of tying his record of socking 18 roundtrippers in one month. The Tigers are idle today and tomorrow, thus costing York a chance to break the record. The four-basers were York's 29th and 30th of the year.

**Yanks Take Pair**  
Charley Keller and Roy Weatherly each walked two homers and Spud Chandler won his 17th of the season as the New York Yankees swept a doubleheader from the Boston Red Sox to maintain their 9½ game edge in the American league.

Keller's second homer and his 24th of the season came in the ninth inning of the first game and tied the score at 4-4. In the tenth Weatherly walked his first homer off Tex Hughson to win the game 6-4. The Yanks took the nightcap 5-1 behind Chandler's five-hit twirling and Weatherly's single, triple and home run. It was the first time the Yanks have beaten Hughson in nine tries.

Rip Sewell of Pittsburgh failed to become the first 20-game winner in the majors when the Chicago Cubs knocked him out of the box with a seven-run uprising in the ninth to win the first game of a twin bill, 11-2. The Pirates gained a split by taking the nightcap 3-1 on Hank Gornicki's five-hit pitching.

**A's Lose Two**  
Washington came from behind in both games to beat the Philadel-

## BALLOON BALL PITCHED IN '99

Pittsburgh, Aug. 30 (AP)—The famous balloon ball pitch of the Pirates' Rip Sewell had a grandpa, it developed today. It was thrown by the great Honus Wagner more than 40 years ago.

This new phase of Wagner's imperishable history was learned in a letter from Mrs. Muriel Clarke Sullivan, of Newkirk, Oklahoma, daughter of Fred Clarke, one-time Pittsburgh manager. She wrote:

"Last night, mother and dad were talking about an article on Sewell's balloon ball. I asked dad about the pitch.

"He said that back in Louisville in 1898 or 1899 in a game with Boston, dad had no relief pitcher and as a last resort he asked if anyone thought they could pitch.

"Wagner spoke up and said he could. Dad said Wagner went in and didn't allow a hit and Louisville won the game. The style of pitch that Wagner used, dad said, was a balloon or parachute pitch.

"Dad says to ask Honus about the pitch and tell him it took more than 40 years for his pitch to become famous."

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Aug. 30 (AP)—The football-hungry south may find a couple of its big games this fall between Sewanee and Howard, both of which dropped the game early in 1942 but have reinstated it. . . . And Harvard, which also abandoned football, only had a turnout of 105 for informal practice. . . . It's such things that lead Si (Dayton News) Burick to suggest that maybe Wellesley will come up with a grid team because 200 Navy V-12 boys were sent there from overcrowded Harvard. . . . Abel Cestac, Luis Angel Firpo's heavyweight protege, has been deprived of his amateur standing in Argentina. He still is trying for a plane reservation to come to the United States. . . . And probably get a lot of dough for proving he's still an amateur. . . . Zach Wheat the old Dodger outfielder, is a safety engineer at the Sunflower Ordnance Works in Kansas. With a son in the Army in Hawaii, Zach explains: "If I'm too old to play, I'd rather be a bat boy than sit in the stands."

## Eastern League

(By the Associated Press)

Heading down the home stretch, with the Eastern League flag in plain sight, Scranton is practically within reach of the loop championship today. With only 18 games remaining on its schedule, the club can clinch the pennant with only seven victories.

Scranton's cause will be advanced by any game that the Elmira Pioneers, currently in second place, drop. The Pennsylvania club has an advantage of 11½ games over the Pioneers, with the Albany Senators two full games behind Elmira. Any combination of seven wins for Scranton, or a like number of defeats for Elmira, will transfer the flag from Albany, 1942 champs, to Scranton.

Elmira split a doubleheader with Wilkes-Barre Saturday, 2-5 and 6-0, while Binghamton divided a double bill with Scranton, 2-1 and 0-1. In the only other games Saturday, Springfield took a doubleheader from Albany, 4-3 and 3-1.

Utica took two games from Springfield yesterday, 4-1 and 5-0, while Scranton was pulling the same trick on Binghamton, 4-2 and 6-1. In other games yesterday, Albany and Hartford divided a pair, 1-2 and 2-1, while Wilkes-Barre was splitting a doubleheader with Elmira, 3-4 and 11-7.

## MOST SCHOOLS IN RURAL AREA OPENING TODAY

Harrisburg, Aug. 30 (AP)—Thousands of school children trooped back to classrooms today in rural Pennsylvania, the vanguard of 1,555,000—39,000 less than in 1942—expected to enroll in the next few weeks in public schools geared to war time requirements.

Schools, except where school openings are delayed by harvest-time labor shortages, ring this week in most rural districts and after Labor Day in urban centers for an estimated 933,000 elementary school pupils and 622,000 high school students.

Returning boys and girls find war time studies on the curricula and the smallest teaching staffs in the school system's history, the State Department of Public Instruction reporting 1,979 teacher vacancies to be filled.

"The number of schools closed because of teacher shortages will be held to a minimum, however," asserted Dr. Francis B. Haas, state Superintendent of Public Instruction in a statement, "because provision has been made for certification of teachers on a wartime emergency basis that is sufficiently elastic to assure that schools will be kept open."

### New Subjects

He added reports to the department show 2,375 teachers have withdrawn to enter the armed forces, war plants or for other reasons, and said rural districts "are particularly hard hit because of competing salaries paid by war industries and larger school districts."

New subjects to be taught include pre-flight aeronautics, fundamentals of electricity, fundamentals of communications, fundamentals of radio, and meteorology, while Dr. Haas said "there will be a special emphasis given to the application of mathematics and physics to wartime needs."

## ABERDEEN MPS TAKE 2 GAMES

The Military Police team of Aberdeen, Maryland, took both ends of a double-header played in Littlestown Sunday afternoon as war relief benefit games.

In the opening game Aberdeen defeated the Littlestown Old Timers 8-2, and in the nightcap the Littlestown Youngsters lost 7-4.

The victors pushed over six runs in the fifth inning of the first game to sew up the decision. Five straight infield hits produced two runs and then a triple by the third baseman for Aberdeen pushed over three more runs.

Littlestown got a pair of runs in the last of the sixth on Bankert's homerun, a double by Pitcher Frank Shuff and a single.

Everhart and Hostetter hurried the second game for the Littlestown nine.

"Bud" Ecker, formerly of Littlestown, who had been managing the Aberdeen team for two years, did not accompany the team, having been transferred on Saturday.

Approximately 600 fans witnessed the games, contributing about \$70 for war relief.

## Father Dies As His Daughter Weds

Boyetown, Pa., Aug. 30 (AP)—When the minister asked, "Who giveth this woman in marriage?" the father of Helen Cecelia Schmoeyer started to reply, then collapsed.

Two physicians attempted to revive him in an ante-room as the ceremony by which Miss Schmoeyer became the wife of Frank W. Elsass continued.

The bride learned at the conclusion of the wedding, however, that her father, Herbert L. Schmoeyer, 62, had died.

The physicians were among 300 guests in St. John's Lutheran church.

Greensburg, Pa., Aug. 30 (AP)—Injuries Robert Oswald received Thursday while working at a Jeanette plant proved fatal last night in Memorial hospital. The youth was squeezed by a car he was pushing, Coroner H. Albert McMurray reported.

## Pennsylvania Leads Scrap Collection

Harrisburg, Aug. 30 (AP)—Scrap metal shipments of 1,781,892 tons during the first six months of this year kept Pennsylvania in first place in the national collection campaign.

The State Council of Defense said the state's contribution was 134 percent of the national total of 13,300,000 tons and more than 100,000 tons over the Pennsylvania quota of 1,635,000 tons for the first half of 1943.

Dr. Ralph Cooper Hutchison, director, said "the scrap situation is not rosy despite Pennsylvania's fine performance" and urged local salvage committees to greater efforts.

**HOME ON LEAVE**

There's a twinkle in her eye  
Haven't seen for quite a while.  
Even strangers passing by  
Catch the beauty of her smile.  
What's the reason? I believe  
It's because he's home on leave.

I've been whistling 'round the place  
Tunes I fancied I'd forgot.  
There's a grin upon my face.  
Now my troubles matter not.  
Ask me why? I'll not deceive.  
It's because he's home on leave.

Janet hums a bit of song;  
Dances lightly to and fro;  
All is right she fancied wrong  
Just a day or two ago.  
Why has Janet ceased to grieve?  
It's because he's home on leave.

Now the laughter's as of old!  
Now the table's gay once more!  
Now the jokes are being told!  
Home is as it was before.  
Happiness we now retrieve,  
Just because he's home on leave.

**ETERNITY IN THE MOMENTS**

Often the fate of the world has been decided upon in the merest time of a moment! At this very moment such decisions may be in the making. Napoleon once said: "The reason why I beat the Austrians was that they did not know the value of five minutes!"

The fate of nations and the world does not rest upon mere men, but in what mere men decide to do with their moments at critical and crucial times.

There is a spark of eternity in everything that grows upon the earth, and in every great thought that moves through the brain of man. This beautiful rose upon my desk, plucked from a garden, has a moment of eternal breath upon its soft and delicate coloring. It has kissed the sunlight, rains have bathed its leaves and sunk into the earth to quench the thirst of its roots. Its brief immortality has consorted with every prince and queen of beauty. Who knows how far that beauty may travel, or to what extent its purpose of creation may resolve?

Eternity resides in every moment that passes. Have you sent a message upon each? We may travel upon a multitude of moments. They are our freest gift. The poorest and humblest may own them—and in that ownership may surpass the ownership of kings or multi-millionaires!

This brief life of ours is but a breath in the summing up of all time. We can string them into a rosary, or a flowered lei, blessing each in its passing, if we are in tune with the Infinite Mind that blesses all moments before they become our own.

These fleeting moments are precious only as we make them so. Filled with glee and glamorous goods that touch the golden moments of long gone time, we can wield every thought that we have to that which is both past and present. We can entwine our very lives with the eternity of these moments that come and go so rapidly through our days.

Thoreau, who wandered around in the fields alone, meditated upon this very topic. He said: "Our most glorious experiences are a kind of regret. Our regret is so sublime that we may mistake it for triumph. It is the painful, plaintively sad surprise of our Genius remembering our past lives and contemplating what is possible. It is remarkable

**Whig County Convention:** A convention of delegates from the different townships of Adams county, assembled at the court house in Gettysburg at 11 o'clock on Monday, Aug. 21, 1843, for the purpose of settling a COUNTY TICKET to be supported at the coming election.

The convention was organized by the appointment of Joseph Hunter, of Liberty township, as president; and A. R. Stevenson, of the borough of Gettysburg, and John C. Ellis, of the borough of Berwick, as secretaries. The second delegate from the borough of Gettysburg was A. B. Kurtz.

The convention re-assembled at 1 o'clock p. m. and settled the following ticket:

Assembly—James Cooper  
Commissioner—Peter Diehl  
Auditor—William R. Sadler  
Director of the Poor—William White

Treasurer—John H. McClellan

County committee for the ensuing year: Robert Smith, James Renshaw, Alexander R. Stevenson, Joseph Baugher, Dr. David Horner, Robert J. Harper and Dr. George L. Faus.

**Married:** On Thursday evening, by the Rev. E. V. Gerhart, Mr. Andrew J. Polley, of Lovettsville, Va. (late of Gettysburg), to Miss Mary Ann, eldest daughter of Mr. Jacob Ziegler, of this borough.

On the same evening, by the Rev. Mr. McGee, Mr. A. C. Van Doran, of Eaton, Ohio, to Miss H. Mary Bell, daughter of Wm. W. Bell, Esq., deceased, of this borough.

On the 8th inst., by the Rev. M. Eyster, Mr. Samuel Wampler (formerly of this place), to Miss Elizabeth R. Schmucker, both of Huntingdon county.

**Corporation Notes:** We are requested to state that the merchants and other business men of Gettysburg will receive small corporation notes until the 15th of September, and NO LONGER.

**SEVENTY-FIVE YEARS AGO**

**Called:** The Presbyterian church in this place, has extended a call to the Rev. George N. Johnston, of Knoxville, Ill., paying \$1,000 and parsonage. Mr. Johnston is a nephew of the late Robert Johnston, formerly pastor of the church. He is a young man of ability, and it is understood he will accept.

**Married:** Young—Van Patten—On Tuesday morning, at the residence of the bride's grandfather, R. G. Harper, Esq., in Gettysburg, by Rev. S. S. Schmucker, D.D., John M. Young, Esq., of Topeka, Kansas, to Miss Amelia Caroline Van Patten, daughter of Dr. C. H. Van Patten, of Central America.

**Horses Stolen:** This neighborhood seems to be infested with horse thieves. A few weeks ago we announced the stealing of two horses of John Waugh, of Hamiltonburg township. On Sunday night, Emanuel Weikert, of Cumberland township lost two. Detective Rouzer traced two men to Baltimore, where they were arrested.

**Indag. Interfnn Mcsrm, mmCt HTR**

It is supposed the gang of thieves operating in this county have their headquarters in Baltimore.

**Gettysburg a Watery Place:** The nation has decided that the Gettysburg spring shall be a watering place, and it only remains for the people of Gettysburg to decide whether they will help to make it such, or allow that to be done by strangers.

The spring has come to be the great attraction of the town of Gettysburg, rivaling that of the surrounding battlefield.

Already the expenditures at the spring exercise an influence on the town and adjoining country, and should a large summer hotel or a number of them be erected around the spring, they will draw a sufficient number of summer visitors annually to Gettysburg to fill not only the spring hotels proper, but the hotels and even the houses of the people of the town and county around.

Even Saratoga has become alarmed, not only for the supremacy of its watering place, but for its monopoly of the universal water trade of the United States. Saratoga hotel keepers frankly admit that all that is wanted at Gettysburg is suitable hotels in order that it shall rival Saratoga as an inland summer resort. Let our citizens act promptly for their own interests.

**Purchased:** The "Gettysburg Katalysine company" has purchased the farm of George Stremmel (formerly the Minnigh farm), 155 acres and improvements. They pay \$15,000, in deferred payments.

Mrs. Clara M. Baugher has purchased that men commonly never refer to, never hint at, any crowning experiences when the common laws of their being were unsettled and the divine and eternal laws prevailed in them.

Eternity is in the moments. Grasp them wisely!

Tomorrow Mr. Adams will talk on the subject: "Your Self Opinion!"

**Volunteers Break Freight Car Jam**

**Newark, N. J., Aug. 30 (AP)—**Vital war material which was locked last week in freight cars on Hudson river railroad sidings, because of the lack of labor to unload it, was started on its way today to final destinations.

A jam of more than 8,000 freight cars in Jersey City, Hoboken, Bayonne and Weehawken was broken yesterday, temporarily at least, by thousands of part-time workers who answered appeals of the War Shipping administration for volunteers.

As the men were put to work unloading the ten miles of cars many other persons continued to flock to nine United States employment offices in New York city and northern New Jersey. Regional Director Ray R. McCurry of the U. S. Railroad Retirement board said more than 4,000 persons had responded, and that the crush was so great many had to be turned away yesterday.

**Indiantown Gap, Pa., Aug. 30 (AP)—**WACs are taking over the duties of many of the soldiers in the permanent station detachment at the Indiantown Gap military post.

First Lieut. Jane H. Parsal, commandant of the contingent which eventually will number more than 400, said the WACs will be assigned to duties in every department of the post detachment and that a number already have replaced soldiers as truck drivers.

The WACs are quartered in newly constructed barracks north of Division Hill.

**Seymour Meeting:** The Democracy held a public meeting in the court house on Wednesday evening. After protracted drumming they succeeded in getting together enough Democrats and Republicans (the latter drawn out by curiosity) to make a respectable show. Wm. A. Duncan, Esq., Democratic candidate for District Attorney, opened the ball in a fierce attack on Republican extravagance, and was followed by Wm. McClean, Esq., who savagely attacked the congressional policy of re-construction. It was left to E. B. Buehler, Esq., to conclude the performance with a lengthy discussion of matters and things in general.

**U.S.E.S. Shuffle Hits Legal Snag**

**Harrisburg, Aug. 30 (AP)—**William H. Chesnut, State Secretary of Labor and Industry, says a proposed reorganization of the state office of the U. S. Employment service is contrary to an agreement between Pennsylvania and the Federal government.

In a letter to Paul V. McNutt, chairman of the War Manpower commission, Chesnut asserted the employment service was "loaned to the Federal government" by the state in 1941 with the understanding it would be maintained as an integral unit.

The secretary told McNutt he was making the protest because of a bulletin from McNutt's office which said:

"When a deputy regional manpower director for the state (Pennsylvania) is appointed, the personnel, functions and records of the state office of the U. S. Employment Service are hereby transferred to the state office of the War Manpower commission."

"Once the pledge of the Federal government is broken," Chesnut said, "as it surely would be if the proposed reorganization is effected, the states hereafter will regard with reservation or suspicion the covenanted word of Washington."

**Letters To The Editor**

Dear Sir:

Just a note to express my sincere appreciation for the fine thing you are doing for our servicemen. This is something I should have done and meant to do months ago but somehow I just never seemed to get around to doing it. However, if you will forgive my neglect, I should like to make known my gratitude now for your service.

After being away from home for a time one usually loses contact with his old surroundings and acquaintances, but not so with us. No matter where we go, through the medium of "The Times" we know exactly what is going on back home and feel that we still share in those activities although we are far away.

For this splendid service, again let me say "Thank You!"

Sincerely yours,  
PVT. DONALD W. FAIR,  
Company B,  
Lindley Hall, Room 301,  
University of Kansas,  
Lawrence, Kansas

Dear Sir:

Just a few lines to thank you again for sending me The Gettysburg Times while I am in the Army, and to ask you to change the address a little. I am still at Fort Monmouth, but have been assigned to Headquarters Company.

I have been made an assistant instructor at the Officers Radio School. Part of my job is teaching the lieutenants code and radio procedure. It isn't very interesting work (to me, that is), but very essential in modern warfare. I can't tell you much about the stuff we have here, but you can bet it is better than Hitler thinks it is.

I have been expecting to be shipped overseas for several months now, but am still kept on the job here. I would certainly like to go across with the rest of the boys but I guess some of us have to stay here and help train the others.

I have noticed in the paper that a lot of the local boys are really in the thick of things and doing a swell job. Here's wishing them all the luck in the world and hoping that they can all be home soon again.

Thanks once again for "The Times" and hoping that this finds everyone in the home town enjoying the best of health. I will close for this time.

One of the boys,

**27 MINERS TO FACE SENTENCE IN COURT TODAY**

**Pittsburgh, Aug. 30 (AP)—**Twenty-seven of 30 coal miners indicted on charges of violating the Smith-Connally anti-strike law came before Judge F. P. Schoonmaker in U.S. District court today for sentence.

Harry Estep, former representative in Congress who is defending the miners, announced previously that all the defendants would enter pleas of "no contest" (at 1:30 p. m.). Three of the men, however, were injured in a recent mine accident and were unable to appear.

The men were indicted July 26 by a Grand Jury investigating "wildcat" strikes in southwestern Pennsylvania's soft coal fields between June 23 and July 13. Twenty-eight were charged with conspiracy to prevent orderly operation of the mines, and two with coercion of workers.

**Cites War Powers**

It was the first action under the War Labor Disputes Act passed June 25 over presidential veto and providing possible fines as high as \$5,000 and sentences of one year.

Through Estep, the miners pleaded innocent on Aug. 10 and a motion was made asking that the indictments against them be quashed on grounds the law was unconstitutional. Estep argued the act violated the first amendment to the constitution (freedom of speech) and the thirteenth amendment (involuntary servitude).

On Aug. 18, however, Judge Schoonmaker overruled the motion to quash the indictments, declaring "the powers of the government known as war powers are almost without limit. We (the court) are of the opinion the act is a valid exercise of war powers."

## STRIKE VOTE PLAN DROPPED; TO OPEN PARLEY

Philadelphia, Aug. 30 (AP) — A strike vote scheduled to begin today among 12,000 hosiery workers from coast to coast was called off less than 12 hours before the first ballots were to have been cast.

Cancellation of the vote, which would have been the first in the Pennsylvania-New Jersey area under the 30-day "cooling off" period prescribed by the Smith-Connolly Act, was announced by Fred G. Krivos, acting regional director of the National Labor Relations Board (NLRB) who was to have supervised it.

Members of the American Federation of Hosiery Workers (CIO) had rejected a proposed new contract with two employers' associations but members of the Full-Fashioned Hosiery Manufacturers of America said the Keystone hosiery manufacturers agreed with union officials to extend their current contract, which expires August 31, for 15 days.

The union at the same time withdrew its strike notice, filed July 30 with the NLRB, the War Labor Board and the U. S. Labor Department. Under the Smith-Connolly Act another 30 days would have to expire after the filing of a second strike notice before a vote could be taken on the question: "Do you wish to permit an interruption of war production in wartime as a result of this dispute?"

Union and management officials, however, accepted an invitation of the Labor Department to meet in Washington Wednesday in an effort to agree on a new contract.

The voting was to have begun today in six Reading, Pennsylvania, mills, continuing tomorrow in a number of Philadelphia and New Jersey mills.

## Emmitsburg

Emmitsburg — The burgess and commissioners met in a special session Saturday evening to consider the advisability of providing extra fire-fighting equipment for the community. President Charles Troxell, of the Vigilant Hose company, and Ralph Sperry, a director, were present.

Extra pumping equipment, gas masks, rubber boots and coats are available but a truck and ladders must be purchased by the town and made ready for immediate use by the fire company.

Burgess Hoke states that a bond of \$5,000 must be executed by the burgess and commissioners on behalf of the town before the equipment mentioned will be assigned to this community.

Mr. Sperry, speaking for the fire company, stated that the equipment would be given the best of care possible under the existing conditions if turned over to them by the town, and that it is his opinion that an extra mobile pumping unit could be used to advantage when considering the possible requirements of the St. Joseph and Mt. Saint Mary's colleges.

The burgess and commissioners did not take action.

Mrs. Anna Hoke Hull has announced that the rationing of canning sugar will take place at the town office on Wednesday and Friday evenings of each week between the hours of 7 and 9 p. m.

The demand for sugar is falling off it is thought that the two nights each week will be sufficient to meet all requirements. The rationing of canning sugar will continue through the months of September and October.

However, Mrs. Hull is hopeful that those who expect to do canning will not put off securing the necessary sugar until the last moment.

By HENRY B. JAMESON

London, Aug. 30 (AP) — The Germans announced today the abandonment of Taganrog, southern anchor of the 1,500-mile Russian front, in a surprise retreat indicating the Nazis' entire southern front positions are crumbling.

With the fall of this important Sea of Azov port to the victoriously crushing Red Army, the capture of Stalino, Hitler's southern front headquarters 70 miles to the northwest, may follow soon.

Taganrog, said the Germans in their daily high command communiqué, was "evacuated according to plan" after being "completely destroyed." It was another of the so-called "strategic withdrawals" which German propagandists have been at pains to color as Nazi triumphs.

Threatens Flank

The fall of Taganrog came as a surprise, since there had been no reports of heavy fighting in this region recently from either Moscow or Berlin, but the position of the city had been obviously imperiled since the Russians captured the railway station of Donetsk-Amvorsievka just a week ago, cutting Taganrog's only rail line to the north and west.

Donetsk-Amvorsievka is 40 miles north of Taganrog.

Evacuation of Taganrog makes it clear that the whole right flank of the German army is compromised and indicates that a general pulling back, started with the Soviet offensive in the Donets basin a few days ago, has been stepped up.

Taganrog had been heavily fortified by the Germans, and its recapture by the Russians indicates the power of the current Red Army drive. Last winter's Soviet offensive, which began with the victory at Stalingrad, swept on past Rostov in this region but stopped short just east and north of Taganrog in the face of a violent Nazi defense of the city.

Expect New Stand

There was no immediate indication whether the Germans would attempt to stand a few miles west of Taganrog on the west bank of the Mius river, or withdraw some 60 miles farther to the west to Mariupol.

The Berlin radio said the Russians had suffered heavy losses, mainly through minefields left by the retreating Germans in the Taganrog area.

Taganrog, a city with a normal population of 70,000, had been in German hands since the early summer of 1942.

The Nazi forces first swept through it in early November, 1941, during their original drive into Russia, a drive that carried 40 miles on to Rostov. Strengthened Russian forces, however, recaptured Rostov in late November and the Germans fell back beyond Taganrog.
